Dear Principals

I hope you are all well and enjoying a well-deserved rest.

Amidst the lockdown uncertainty, the WCED has been extremely busy in collating information about eLearning opportunities, including digital learning via our WCEDePortal.co.za and distance learning options, etc.

Minister Schäfer has released a statement on our "Quality Learning @ home" initiative – focusing on **Quality digital resources to download @ home**. I attach the media statement for your ease of reference and to enable you to share this with your staff and parents. I will keep you posted weekly about developments.

In the meantime, please reaffirm important healthy hygiene practices.

Keep well.

**BK SCHREUDER**
